

When one
is not good enough,
10 reasons to switch to
RX³

 **legrand**[®]
— ■ IDEAS THAT CLICK

ISI & CE marking

to give you the finest quality.

RX³ MCBs and RCCBs are ISI marked ,
thus ensuring that the product has gone
through stringent quality tests.
RX³ also has CE marking

Low watt loss

to help you save money and power.

RX³ MCB is beneficial in many ways than one, it helps you save money and energy. RX³ MCB has low watt loss ensuring low consumption of energy. It cares for you and the environment.

Large cable terminals for
Flexibility
and convenience

RX³ MCB's are suitable for cables up to 35mm² cross section area. This means that a large sized cable can be used as it adds flexibility and avoids terminal burns. It is suitable for both Copper and Aluminium cables.

20,000 operations

for long-lasting performance.

RX³ MCB's have a capacity of 20,000 mechanical operations. This means that you can use them for 13 long years* without worrying about anything. RX³ is thus efficient and long-lasting when it comes to performance.

* Assuming 2 operations a day.

RX³ MCB's / RCCB's

IP 20 terminals to keep you safe, always.

Safety always comes first and that's exactly what RX³ does. All the active and live parts are kept out of human reach, thus keeping the operator safe.

IP 20 terminal

No line load bias

When you use RX³, you have a choice of connecting the load either on the upper terminal or on the lower terminal. This makes it very convenient and adds flexibility while wiring.

Bi-connect terminals to give you connectivity options

RX³ MCB's gives you options when it comes to connecting cables. i.e. connections can be made either using a cable or a busbar.

Suitable for isolation

Safety during maintenance is very important. That is why RX³ MCB's isolates the load from the power source when it is "OFF". This ensures that there is no current flowing through it and maintenance can be carried out effectively.

Self-lifting terminals to provide effective connection

RX³ MCB's have features beyond the ordinary. While terminating the cable, its self-lifting terminals guides cable towards the cage terminals. This ensures proper connectivity.

Operating temperature to suit all weather conditions

RX³ MCB's can be operated in temperatures ranging from -25° to 70° C. So be it any climatic conditions, RX³ MCB's will function efficiently.

IP20 terminals

All the active, live parts are out of human reach, which means that all the current carrying parts of the product are out of human reach, thus ensuring safety of installers and maintenance person.

Clear & sharp printing

Clear & sharp printing for front facia with longer life and better visibility.

Retail DB's

As per standard IS 8623

Conforms to IS 8623 thus meets stringent requirements of the standard.

New exciting look

Wireset & busbars

DBs are supplied with wireset and busbar for ease of wiring and for upmost safety. The busbars are rated for 100 A.

Strong & durable knob

New strong and durable sliding knob for all IP42 DBs.

Shrouded busbars

Busbars are shrouded, thus ensuring no accidental contact with live parts giving safety to operating person.

Ample wiring space

The new DBs have ample wiring space which ensures that the wiring and dressing can be done efficiently and effectively.

SPN DBs

ETPN DBs

Insulated Neutral bar

Neutral bar is insulated from the box. It is rated for 100 A.

Door earthing

Ensures safety of the operating person.

Captive screws

Ensures that the screws do not get lost thus ease of installation.

Range of RX³

Range of RX³ MCBs.

Rating: 6A to 63A
Poles: SP, DP, TP & FP
Voltage: 240V / 415V

Range of RX³ Isolators.

Rating: 40A, 63A & 80A
Poles: DP, TP & FP
Voltage: 240V / 415V

Range of RCCBs

Earth leakage protection
Rating: 25A, 40A, 63A
Sensitivity: 30mA, 100mA
Poles: DP & FP
Voltage: 240V / 415V

Range of DBs.

Degree of Protection : IP20, IP42

About us

For the last four decades, Legrand in India has been the leader in the protection business. It offers a wide range of circuit breakers up to 1600A and world-class distribution boards. By leveraging its knowledge of best practices across the globe, Legrand bring its clients products that make a difference.
